### FITS MOST TABLETS

Adjustable mount can hold the Surface Pro 4 and other tablets ranging 4 - 9 inches in width

Thanks to the convenience and versatility of CTA Digital's Adjustable Car Seat Mount for Tablets, backseat driving has never been more fun and entertaining. Made with a sturdy plastic frame complete with soft rubber features, this car mount for tablets is strong enough to survive the demands of travel while still gently cradling your tablet in place without worries of scratching or scuffing. Whether for a short drive or a long distance trip, any car ride can benefit from the functionality and simplicity of this CTA Digital travel tablet mount. With two adjustable grips, one spring-loaded and the other activated by a quick-release button on the back, this mount holds tablets of any width, making it an ideal travel accessory for tablets as small as the Kindle Fire HD 6 to as large as the iPad Pro. The spring-loaded car mount offers easy installation to and quick removal from the car seat headrest, and the ball-and-socket joint connecting the mount and base together allows for a horizontal display that provides favorable tilt to the user's preference. So if you're looking to add some entertainment to those uneventful travel moments, don't hesitate to make the CTA Digital's Adjustable Car Seat Mount for Tablets a permanent car companion for you and the family.
