Thanks to CTA Digital's Display Monitor Mount for Tablets, you can now enhance your digital experience with the ultimate add-on to your home or office computer. With this easy to install monitor mount, you'll be able to enjoy the perfect dual-screen display as you unite both mobile and desktop for one ideal, hands-free setup. By simply attaching the mount to your monitor's available VESA slots, any tablet becomes a convenient accessory to your computer, and thanks to the two adjustable grips, one spring-loaded and the other activated by a quick release button on the back, any tablet actually means any tablet. Plus, it's got two hinges and a slide feature that lets you make adjustments to the orientation, angle and placement of your tablet device. So, whether you have an iPad Air 2, Samsung Galaxy Tab S or Google Nexus 9, make it a permanent part of your computer's hardware with CTA Digital's Display Monitor Mount for Tablets.

Features Include:
• Adjustable mount can hold the iPad and other tablets ranging 4 - 9 inches in width, such as iPad Pro, the Amazon Kindle Fire or the Google Nexus 9
• A slide feature to adjust for size and placement of the tablet
• Two hinges to adjust for orientation, angle and placement of the tablet
• Industrial metal arm to support the weight of the tablet
• The frame is made specifically to fit VESA holes on the back of the monitor
• Can hang either right or left of the monitor
